Section 1 - General Information

About this booklet This booklet has been developed for you and your family by individuals currently on the Academic Joint Insurance Committee (JIC) who represent the Ontario Public Service Employees Union (OPSEU), the Colleges of Applied Arts and Technology (CAAT), the College Employer Council, and representatives from the Insurance Company, Sun Life.

Benefits for Partial-Load employees were established under the Academic Pay Equity Plan as required by the 'Pay Equity Act, (1987)'. The effective date for participation in benefits was July 1, 1990.

The information contained in this booklet will not in any way diminish current benefit levels in effect as of the date of issue.

The information in this booklet is important to you and should be kept in a safe place. It describes all group insurance benefits available to you, explains your entitlements and various administrative issues relating to the Group Insurance Benefit Program. For confirmation of the specific benefit coverage you have elected, please refer to your copy of your Group Insurance Positive Enrolment Form or contact your College's Benefits Plan Administrator.

It is important to note that this booklet is only a summary of your group contract. It is not a legal document. If there are any discrepancies between the group contract and the information in this booklet, the group contract will take priority and the Insurance Company will follow the group contract when making a decision to pay a claim.

Benefits described in the booklet are applicable only if you and your Dependent(s) are insured according to the records maintained for the group contract. If you have any questions about the information in this employee benefits booklet, or if you need additional information about your group benefits, please contact your College's Benefits Administrator or Union Local Representative.

Section 5 - When Coverage Begins

New Employee

The waiting period for a new employee under your group contract is indicated on the following chart. For purposes of your group insurance benefits, you are considered a new employee under your first partial-load contract or if there is a break of more than 6 months between partial-load contracts.

Benefit	Waiting Period
Basic Life Insurance Accidental Death & Dismemberment Insurance Supplementary Life Insurance Employee Pay-All Life Insurance Dependent Basic Life Insurance Extended Health Care (including Vision and Hearing Care)	First of the month following the completion of one calendar month of partial-load employment. 
Dental Care	First of the month following the completion of six calendar months of partial-load employment.
Critical Illness Insurance	On completion of one calendar month of partial-load employment.

Bridging Benefits and Waiting Period

If you were participating in a benefit and have completed your initial waiting period and you become re-employed with the College within 6 months of the end of any partial-load contract, waiting periods for these benefits will be waived and coverage will be effective from the first day of the new partial-load contract.

Optional benefits once declined/not elected are not available unless more than 6 months have expired between partial-load contracts. Where more than 6 months have expired between partial-load contracts, you will have to complete a new enrolment form and elect the coverage you wish. The appropriate waiting periods must be served on all the benefits you elect (see above table).

Coverage begins

Your coverage begins the first day following the completion of the waiting periods provided you are 'actively at work' on the date your coverage becomes effective. In the event you are absent on that date, you will qualify on the day you return to 'active work'. For Critical Illness coverage, refer to Section 18.

You must be actively at work on the date you qualify for the insurance but if you are absent on that date, you will qualify on the day you return to active work.

If for any reason, you stop being actively at work, you should contact the Benefits Administrator at your College to determine the status of your benefits.

In the event benefit improvements for Life Insurance are negotiated, you must be actively at work on the date improvements to the Life insurance are effective in order to qualify for such improvements. If you are absent on that date, you will qualify on the date you return to active work.

Dependent(s)

Coverage for your Dependents begins on the latest of:

- the date you become eligible, if they are your Dependents on that date,
- the date they first become your Dependents after the effective date of your coverage, if your request for coverage is received by the College within 31 days, or
- for Life Insurance, on the date of approval by Sun Life if your request for coverage is received later than 31 days after they first become your Dependents.
- for Vision Care, Hearing Care and Dental Care, the date they first become your Dependents after the effective date of your coverage, if your request for coverage is received by the College within 31 days. If request is received after 31 days, coverage is no longer available until there is a 6 month break between your partial-load contracts.
- for a Dependent, other than a newborn child, who is hospitalized, coverage will begin when the dependent is discharged from hospital.

Section 6 - Enrolment

Enrolment Form

At the time you commence employment, the Benefits Administrator at your College will arrange to meet with you to review your group insurance benefit entitlements.

You will be required to complete and sign a detailed enrolment form which collects the information necessary about yourself and your Dependent(s) (if applicable), in order for the College to administer the group insurance benefit program, and for Sun Life to adjudicate and process claims. It is important that you read this form, fully answer the questions, sign and date the form where required and return it to your Benefits Administrator no later than 31 days after you become eligible for the coverage without jeopardizing your entitlement to coverage.

This enrolment form also contains information relating to the completion date of your waiting period and the effective date of your benefits coverage.

You will be enrolled in the benefits you have elected upon the completion of the appropriate waiting periods.

Your Certificate Number

Your College will assign you a certificate number that will be used to set up your benefit information and which you can use to generate an identification card on line in the event you need to produce proof that you have benefit coverage. This certificate number will be a unique number and will contain a code to identify your employee group, your College and your file. This is necessary in order for Sun Life to process your claims and for you to access your claims information.

Confidentiality

Your privacy is respected and the personal information collected is held between your College and Sun Life in the strictest confidence. At Sun Life Financial, access to your personal information is restricted to the persons outlined in the *Respecting Your Privacy* clause at the end of this booklet.

- addition of a spouse/partner and/or dependent child.
- change in marital status.
- death of a spouse/partner and/or dependent child.

Proof of good health	To increase your Life Insurance or obtain Dependent Life Insurance at any time other than referenced above, you will be required to submit proof of good health via a Health Questionnaire Form obtained from the College's Benefits Administrator.
<i>If coverage previously declined</i>	In the event you have previously applied for and been declined for additional Life Insurance coverage, the 31 days provision referenced above is not applicable. You will be required to continue to submit proof of good health to Sun Life, and depending on your individual situation, may never be eligible for this coverage.
Effective date of coverage	<ul style="list-style-type: none">▪ if proof of good health is required, the change cannot take effect until Sun Life approves your application.▪ if you are not actively working when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.▪ if a Dependent, other than a newborn child, is hospitalized on the date when the change occurs, the change in the Dependent's coverage cannot take effect before the Dependent is discharged from hospital.

Section 8 - Bridging Group Insurance Benefits

<i>What is Bridging?</i>	Bridging refers to your entitlement to maintain benefit coverage between your current partial-load contract and re-employment under a subsequent partial-load contract.
<i>What happens to my benefits during the bridging period?</i>	You may continue the benefits at the end of your contract: <ul style="list-style-type: none">▪ until your next contract if you have a written contract of future partial-load employment, or▪ if you have been granted a leave of absence by the College as per Articles 20, 21, 22, 23 of the Collective Agreement for a maximum period of 24 consecutive months.
<i>Who pays the premium?</i>	If you pay 100% of the cost of premiums, benefits will continue.

How are the waiting periods affected?

There is no waiting period on benefits that you have bridged or if you are rehired within six months as a partial-load employee.

- drugs and supplies that do not qualify as eligible medical expenses under the *Income Tax Act* (Canada).

Other health professionals allowed to prescribe drugs

The Plan will reimburse certain drugs prescribed by other qualified health professionals the same way as if the drugs were prescribed by a doctor or a dentist if the applicable provincial legislation permits them to prescribe those drugs.

Medical services Reimbursement Amount

The Extended Health Care Plan will cover 85% of the costs for the medical services listed below when ordered by a doctor (the services of a licensed dentist do not require a doctor's order).

Private Duty Nursing

A pre-determination of eligibility is required for this benefit for you or your dependents. Obtain and submit the "In Home Nursing Care Questionnaire" form which is to be completed by the attending physician. Expenses for private duty nursing services, outside of a hospital, are eligible if the care is:

- carried out by a registered graduate nurse (R.N.), certified nursing assistant (C.N.A.), registered nursing assistant (R.N.A.), or licensed practical nurse (L.P.N.). Service provider must be licensed, certified or registered in the province where you live

- and who does not normally live with you.
- medically necessary and prescribed by the licensed attending physician, and
- the type of medical care can only be performed by a qualified R.N., C.N.A., R.N.A., or L.P.N..
- services must be for nursing care and not for custodial care.

Ambulance

OHIP covers the cost of licensed ambulance services, where medically necessary, for local transportation of the person to and from the nearest hospital qualified to provide the required care. You are responsible to pay a co-payment which is currently \$45 (subject to change) for these services. The Extended Health Care Plan will reimburse you for 85% of the co-payment amount.

In the event that an unexpected condition occurs (emergency situation) such as illness, disease or injury which requires immediate assistance, the expense for the use of a licensed air ambulance for transportation of the person to the nearest hospital qualified to render the emergency medical services is covered by OHIP in the Province of Ontario. The EHC Plan will pay a maximum of what would have been payable for a local land ambulance trip.

Dental Services as the result of an accident

Dental services for the repair or alleviation of damages to natural teeth sustained in an accident occurring while you or your Dependent(s) are insured under this provision. The services include braces and splints. These services must be received within 6 months after the accident. You will not be covered for more than the fee stated in the Dental Association Fee Guide for a general practitioner in the Province of Ontario. The fee guide must be the current guide at the time that treatment is received.

Note: It will be necessary for you to provide to Sun Life a separate detailed account of the cause of the injury along with the Extended Health Care claim form.

Medical Supplies and Equipment

The Plan covers medically necessary equipment rented that meets the person's basic medical needs. It is important to note that where the purchase of durable equipment is less expensive than rental, it will be given consideration by Sun Life.

When suitable alternate equipment is available, eligible expenses are limited to the cost of the least expensive equipment that meets the person's basic medical needs. For example, manual wheelchairs are normally considered sufficient to meet basic medical needs, except if

the person's medical condition warrants the use of an electric wheelchair.

- casts, splints, trusses, braces and crutches.
- breast prostheses and surgical bras, required as a result of surgery, up to a maximum of \$600 per person in any Calendar Year.
- artificial limbs and eyes (excluding myoelectric appliances) including repairs and replacements when medically necessary.

- Prescribed by:
 - Doctor (M.D.)

- Dispensed by:
 - Podiatrist (D.P.M.)

 - Pedorthist (C. Ped. (c) or C Ped. MC)
 - Orthotist (C.O. (c) or CPO (c))

The purchase of custom-made orthotics that may be less costly may be covered in place of orthopaedic shoes, when professionally prescribed and subject to the same limitations and frequency as orthopaedic shoes. Under the Plan orthopaedic shoes and orthotics are a combined maximum as noted above. i.e. you are eligible for either orthopaedic shoes or orthotics, not both, in each calendar year.

Prior to making your purchase it is recommended that you obtain confirmation that the claim will be eligible for payment. This can be done by forwarding the information given to you by the service provider directly to the claims department at Sun Life.

Paramedical services

The Plan will cover 85% of the costs, up to a combined maximum of \$1,500 per insured person in a Calendar Year for all eligible expenses listed below; this includes the difference between what OHIP allows for podiatrists and your actual charge.

Paramedical services must be deemed by the profession's licensing/regulatory board to be within the scope of that profession. A service deemed to not be within the scope of the profession will not be covered.

Note: The paramedical service provider must be licensed to practice in the province in which the services are rendered.

**Your coordination
with Government
Plans**

Details of current coverage under the government medicare plans can be found on the website of the Ontario Ministry of Health and Long Term Care at www.health.gov.on.ca. The following provides a brief description of some of the services that are integrated with your Extended Health Care coverage.

Assistive Devices Program (ADP): This program is operated by the Ontario Ministry of Health. It assists Ontario Residents covered by the Ontario Health Insurance Plan who have a long term physical disability (ask your doctor for details). The program covers a number of items such as hearing aids, orthotic devices, ostomy supplies, prosthetic devices (such as breast prostheses), etc. As coverage can change from time to time, please refer to the Ontario Ministry of health and Long Term Care website for details..

Section 14 - Expenses out of your province and Your Extended Health Care Plan

Expenses out of your province

The Plan will cover emergency services while you are outside the province where you live. The Plan also covers referred services.

For both emergency services and referred services, the Plan will cover the cost of:

- a semi-private hospital room.
- other hospital services provided outside of Canada.
- out-patient services in a hospital.
- the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

Emergency services

The Plan will pay 100% of the cost of covered emergency services.

The Plan will only cover emergency services obtained within 60 days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

Emergency services mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance provider, Europ Assistance USA, Inc. (*Europ Assistance*). All invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan), must be pre-authorized by Europ Assistance prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Europ Assistance cannot be made before services are provided, contact with Europ Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

*Emergency services
excluded from coverage*

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Europ Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended

medical services.

- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

Referred services

Referred services must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. The Plan will pay 80% of the costs of referred services. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- obtained in Canada, if available, regardless of any waiting lists, and
- covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

Emergency services outside Canada

Expenses incurred for emergency services outside Canada are subject to a lifetime maximum of \$2,000,000 per person or, if lower, any other applicable lifetime maximum.

Emergency Travel Assistance

In this section, *you* means the employee and all dependents covered for Emergency Travel Assistance benefits.

General description of the coverage

If you are faced with a medical emergency when travelling outside of the province where you live, Europ Assistance USA, Inc. (*Europ Assistance*) can help. (Information regarding Europ Assist can be found on the Sun Life Financial Plan Member Services website at www.mysunlife.ca)

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

This benefit, called **Medi-Passport**, supplements the emergency portion of your Extended Health Care coverage. It only covers

emergency services that you obtain within 60 days of leaving the province where you live. If hospitalization occurs within this time period, in-patient services are covered until you are discharged.

The Medi-Passport coverage is subject to any maximum applicable to the emergency portion of the Extended Health Care benefit. The emergency services excluded from coverage, and all other conditions, limitations and exclusions applicable to your Extended Health Care coverage also apply to Medi-Passport.

We recommend that you bring your Travel card with you when you travel. It contains telephone numbers and the information needed to confirm your coverage and receive assistance.

Getting help

At the time of an emergency, you or someone with you must contact Europ Assistance. If contact with Europ Assistance cannot be made before services are provided, contact with Europ Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card.

Europ Assistance may arrange for:

On the spot medical assistance

Europ Assistance will provide referrals to physicians, pharmacists and medical facilities.

As soon as Europ Assistance is notified that you have a medical emergency, its staff, or a physician designated by Europ Assistance, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Europ Assistance will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Europ Assistance will provide translation services in any major language that may be needed to communicate with local medical

personnel.

Europ Assistance will transmit an urgent message from you to your home, business or other location. Europ Assistance will keep messages to be picked up in its offices for up to 15 days.

Transportation home or to a different medical facility

Europ Assistance may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home.

In these cases, Europ Assistance will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Europ Assistance, based on available medical evidence, will make the final decision whether you should be moved, when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.

Meals and accommodations expenses

If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Europ Assistance will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of \$150 a day for each person for up to 7 days.

Europ Assistance will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Europ Assistance, are not yet able to travel. We will pay a maximum of \$150 a day for up to 5 days.

Travel expenses home if stranded

Europ Assistance will arrange and, if necessary, advance funds for transportation to the province where you live:

- for you, if due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated; or
- for a child who is under the age of 16, or mentally or physically handicapped, and left unattended while travelling with you when you are hospitalized outside the province where you live, due to a

medical emergency.

If necessary, in the case of such a child, Europ Assistance will also make arrangements and advance funds for a qualified attendant to accompany them home. The attendant is subject to the approval of you or a member of your family.

We will pay a maximum of the cost of the transportation minus any redeemable portion of the original ticket.

Travel expenses of family members

Europ Assistance will arrange and, if necessary, advance funds for one round-trip economy class ticket for a member of your immediate family to travel from their home to the place where you are hospitalized if you are hospitalized for more than 7 consecutive days, and:

- you are travelling alone, or
- you are travelling only with a child who is under the age of 16 or mentally or physically handicapped.

We will pay a maximum of \$150 a day for the family member's meals and accommodations at a commercial establishment up to a maximum of 7 days.

Repatriation

If you die while out of the province where you live, Europ Assistance will arrange for all necessary government authorizations and for the return of your remains, in a container approved for transportation, to the province where you live. We will pay a maximum of \$5,000 per return.

Vehicle return

Europ Assistance will arrange and, if necessary, advance funds up to \$500 for the return of a private vehicle to the province where you live or a rental vehicle to the nearest appropriate rental agency if death or a medical emergency prevents you from returning the vehicle.

Lost luggage or documents

If your luggage or travel documents become lost or stolen while you are travelling outside of the province where you live, Europ Assistance will attempt to assist you by contacting the appropriate authorities and by providing directions for the replacement of the luggage or documents.

Coordination of coverage

You do not have to send claims for doctors' or hospital fees to your provincial medicare plan first. This way you receive your refund faster. Sun Life and Europ Assistance coordinate the whole process with most provincial plans and all insurers, and send you a cheque for the eligible expenses. Europ Assistance will ask you to sign a form authorizing them to act on your behalf.

If you are covered under this group plan and certain other plans, we will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association.

The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the other plans the expenses that exceed its share.

Limits on advances

Advances will not be made for requests of less than \$200. Requests in excess of \$200 will be made in full up to a maximum of \$10,000.

The maximum amount advanced will not exceed \$10,000 per person per trip unless this limit will compromise your medical care.

Reimbursement of expenses

If, after obtaining confirmation from Europ Assistance that you are covered and a medical emergency exists, you pay for services or supplies that were eligible for advances, Sun Life will reimburse you.

To receive reimbursement, you must provide Sun Life with proof of the expenses within 30 days of returning to the province where you live. Your employer can provide you with the appropriate claim form.

Your responsibility for advances

You will have to reimburse Sun Life for any of the following amounts advanced by Europ Assistance:

- any amounts which are or will be reimbursed to you by your provincial medicare plan.
- that portion of any amount which exceeds the maximum amount of your coverage under this plan.
- amounts paid for services or supplies not covered by this plan.
- amounts which are your responsibility, such as deductibles and

the percentage of expenses payable by you.

Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received. You can choose to repay Sun Life over a 6 month period, with interest at an interest rate established by Sun Life from time to time. Interest rates may change over the 6 month period.

**Limits on
Emergency Travel
Assistance coverage**

There are countries where Europ Assistance is not currently available for various reasons. For the latest information, please call Europ Assistance before your departure.

Europ Assistance reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of:

- a rebellion, riot, military up-rising, war, labour disturbance, strike, nuclear accident or an act of God.
- the refusal of authorities in the country to permit Europ Assistance to fully provide service to the best of its ability during any such occurrence.

**Liability of Sun Life
or Europ Assistance**

Neither Sun Life nor Europ Assistance will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

Please note that predetermination cannot take laboratory fees into account but the appropriate payment will be included at the time of claim.

The only circumstance in which benefits will be considered for an ineligible procedure is when your Dentist advises, in writing, that it is both less expensive and better for you than the eligible procedure.

Section 17 - Life Insurance Coverage

**General description
of the coverage
(Optional)**

You may elect to enrol in the Employee Life Insurance benefit. It is term insurance that covers you 24 hours per day while you continue to meet the eligibility requirements for insurance under the group contract. There are three levels of coverage. They are described below.

Basic Life Insurance If you have elected this insurance you have coverage in the amount of \$25,000.

Supplementary Life Insurance You may choose additional coverage in units of \$10,000 up to a maximum of \$60,000.

Employee Pay-All Life Insurance Provided you have chosen the maximum of \$60,000 under the Supplementary Life Insurance benefit you may choose to be covered in units of \$10,000 up to an additional \$300,000 under the Employee Pay-All Life Insurance.

If you are covered for the maximum benefits available under the Plan you would be insured for a total of \$385,000.

**Change without
evidence of
insurability**

No medical examination or other evidence of insurability is required provided you are actively at work and you apply for the optional life insurance for you or your spouse within 31 days of the following:

- the date you completed your Waiting Period, or
- the date you acquire a Dependent or an additional Dependent, or
- the date your marital status changes.

What happens if I do not apply within 31 days or I wish to increase the amount of Life Insurance?

You will be required to furnish evidence of insurability to Sun Life. Such insurance coverage will take effect only upon the date your evidence of insurability is approved by Sun Life. It is important to note that it is possible that coverage could be declined. Serious consideration should be given before declining the life benefits at the time the benefits are first offered to you.

Coverage during total disability *(The contract holder has the sole legal and financial liability for the Coverage during total*

If you become totally disabled before you retire or reach age 65, whichever is earlier, Life coverage for you and your dependents may continue without the payment of premiums as long as you are totally disabled. This continued coverage is subject to the terms of the contract

disability. Sun Life only acts as administrator on behalf of the contract holder) which were in effect on the date you became totally disabled, including reductions and terminations. In addition, all continued coverage with Sun Life terminates on the date the benefit under which the person is covered with Sun Life terminates.

Sun Life must receive proof of your total disability within 12 months of the date the disability begins. After that, we can require ongoing proof that you are still totally disabled.

If proof of total disability is approved after an individual insurance policy becomes effective as a result of converting the group Life coverage, the group Life coverage will be reduced by the amount of the individual insurance policy, unless the individual insurance policy is exchanged for a refund of premiums.

Total disability must continue for:

- an uninterrupted period of 6 months, or
- the elimination period for Long-Term Disability if you are entitled to Long-Term Disability payments, whichever is shorter.

This coverage will continue without payment of premiums, from the date total disability begins, until the date you cease to be totally disabled or the date you fail to give Sun Life proof of your continued total disability, whichever is earlier.

For the purposes of your Life coverage, you will be considered totally disabled if you are prevented by illness from performing any occupation you are or may become reasonably qualified for by education, training or experience. However, if you are totally disabled under the Long-Term Disability benefit, you are also considered to be totally disabled under the Life benefit.

Accidental Death and Dismemberment

General description of the coverage
(Mandatory only if you elect Basic Life Insurance)

Your Accidental Death and Dismemberment Insurance

The amount that the Plan will pay is a percentage of the \$25,000. The percentage depends on the loss suffered. The following table shows the percentages used to determine the payment. However, only the largest percentage is paid for injuries to the same limb resulting from the same accident, and the maximum payable due to any one accident is \$25,000.
